EXPERIENCE

CodSoft <i>Web Development Intern</i>	2025 <i>Remote</i>
- Worked on web-development tasks using HTML, CSS, and JavaScript, with emphasis on responsive interfaces and usability. - Built and refined reusable user-interface structures while strengthening practical frontend development skills. - Used Git-based development workflows for version control and project organization.	

PROJECTS

SkillSync <i>Python, FastAPI, PostgreSQL, React.js, REST APIs, AI/LLM APIs</i>	July 2026
- Developing a modern, user-focused platform with a responsive interface and full-stack application architecture. - Designed as a portfolio-grade project combining software development with AI-oriented functionality. - Integrating LLM APIs to power intelligent, context-aware features within the platform.	
Health Care Website <i>React.js, Node.js, Express.js, MongoDB</i>	May 2025
- Designed and developed a responsive healthcare platform featuring doctor profiles, appointment booking, patient records, and feedback. - Implemented backend functionality for user authentication, data validation, and secure access control.	
YouTube Clone <i>HTML5, CSS3, JavaScript, React.js, React Router, Node.js, Express.js</i>	October 2023
- Built a responsive YouTube-style interface using Flexbox, CSS Grid, and media queries. - Used React Router for client-side navigation and structured the interface with reusable components.
